Bachelor of Science in Business Administration - Finance

Fully Online & Flexible Learning

Industry-Aligned Specializations

Global Business Curriculum

Real-World Capstone Project

Collaborative & Interdisciplinary Approach

Career-Ready Skills in Leadership, Tech, & Analytics

The Bachelor of Science in Business Administration (BSBA) - Finance at Florida Coastal University is an industry-relevant program designed to develop future-ready finance professionals. It blends core business knowledge with hands-on learning to prepare students for today's fast-changing financial landscape.

Focused on analytical thinking, financial strategy, and technological fluency, the Finance specialization equips students to make data-driven decisions, manage risk, and understand global markets. Graduates are prepared to lead in corporate finance, investment management, and entrepreneurial ventures with confidence and integrity.

Program Overview

The BSBA Finance program is structured as a 120-credit hour fully online degree that balances general education, core business knowledge, and advanced specialization. It is designed to foster a multidimensional understanding of the business world, from economic fundamentals and legal frameworks to digital innovation and global market dynamics. Students gain valuable exposure to real-world business scenarios through simulations, capstone projects, and interactive coursework—all delivered via a flexible, student-centered online platform. The program includes:

- 30 credit hours of general education
- 60 credit hours of core business courses
- 24 credit hours in finance specialization
- 6 credit hours of capstone project work

Why choose this program?

- Focused on real-world finance skills like investment analysis and financial planning
- Combines core business knowledge with hands-on financial training
- Includes simulations and capstone projects for practical learning
- Prepares you for data-driven roles in finance, banking, and corporate strategy
- Builds leadership, decision-making, and analytical capabilities tailored to the finance sector
