Career-Ready Skills in Leadership, Tech, & Analytics

The Bachelor of Science in Business Administration (BSBA) - Management at Florida Coastal University is an industry - relevant program designed to develop future-ready management professionals. It blends core business knowledge with hands-on learning to prepare students for today's fast-changing business environment.

Focused on leadership, strategic decision-making, and organizational effectiveness, the Management specialization equips students to plan, lead, and drive performance across diverse teams and industries. Graduates are prepared to lead in operations management, project management, and entrepreneurial ventures with confidence and integrity.

### Program Overview

The Bachelor of Science in Business Administration (BSBA) - Management program is structured as a 120-credit hour fully online degree that balances general education, core business knowledge, and advanced specialization. It is designed to foster a multidimensional understanding of the business world, from economic fundamentals and legal frameworks to digital innovation and global market dynamics. Students gain valuable exposure to real-world business scenarios through simulations, capstone projects, and interactive coursework-all delivered via a flexible, student-centered online platform. The program includes:

- 30 credit hours of general education
- 60 credit hours of core business courses
- 24 credit hours in a management specialization
- 6 credit hours of capstone project work

### Why choose this program?

- Focused on real-world management skills like strategic planning, organizational leadership, and business operations
- Combines core business knowledge with hands-on management training
- Includes simulations and capstone projects for practical learning
- Prepares you for data-driven roles in operations, project management, and corporate strategy
- Builds leadership, decision-making, and analytical capabilities tailored to the management sector
