Master of Business Administration - Finance

Fully Online & Flexible Learning

Industry-Aligned Specializations

Global Business Curriculum

Real-World Capstone Project

Collaborative & Interdisciplinary Approach

Career-Ready Skills in Leadership, Tech, & Analytics

The Master of Business Administration (MBA) – Finance at Florida Coastal University is an industry-relevant program designed to develop future-ready finance professionals. It blends advanced business knowledge with practical applications to prepare students for today's fast-changing global financial environment.

Focused on financial strategy, investment analysis, risk management, and data-driven decision-making, the Finance specialization equips students to analyze markets, manage complex portfolios, and create value for organizations. Graduates are prepared to lead in corporate finance, banking, investment management, and entrepreneurial ventures with confidence and integrity.

Program Overview

The Master of Business Administration (MBA) – Finance program is structured as a 36-credit hour fully online degree that builds core business acumen while deepening expertise in financial strategy and analysis.

It is designed to foster a multidimensional understanding of finance in the business world, from capital markets and risk management to digital finance and global economic trends. Students gain practical experience through financial modeling, investment simulations, and interactive coursework—all delivered via a flexible, student-centered online platform.

The program includes:

- 24 credit hours of core business courses
- 9 credit hours in a finance specialization
- 3-credit Capstone Project

Why choose this program?

- Focused on real-world finance skills like financial modeling, investment planning, and risk assessment
- Combines advanced business knowledge with hands-on financial training
- Includes simulations, case studies, and capstone projects for practical learning
- Prepares you for analytical and leadership roles in corporate finance, banking, and investment strategy
- Builds leadership, decision-making, and analytical capabilities tailored to the finance sector
